## Bogota shade cloths

**Two shade cloths, with or without an aluminum backing, make their debut.**

Features of the material:

- 100% polyester
- PVC free
- lightweight
- thin construction

Environmental factors:

- The material—according to the Oeko-Tex® Standard 100, Class 1 test results—“poses no risk whatsoever to health” (Oeko-Tex.com)
- The aluminum backing reflects the sun’s rays to reduce direct solar penetration, excessive heat gain, and high-energy costs.
