

EcoVeil® Naturals — they're brand-new.

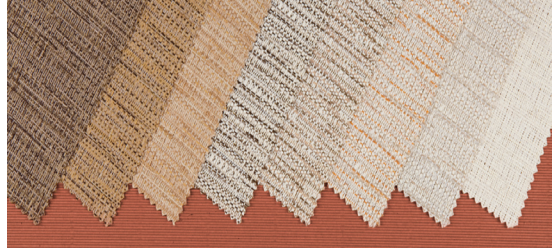

The latest member of the EcoVeil® family

The Cradle to Cradle Certified^{CM} and GREENGUARD[®] certified EcoVeil® Naturals consist of a textured weave in a soft color palette. The Naturals—inspired by woven woods, reeds, and grasses—create an earthy effect while still maintaining the benefits of a solar shade cloth.

- 100% thermoplastic olefin (TPO)
- 1–2% open, 66 in. (168cm) wide, eight colors
- Passed NFPA 701-2004

Voted Best of NeoCon® 2009, a Silver winner at NeoCon® in two categories:

- Window Treatments
- Healthcare Textiles

New blackout shade cloth program.

Expansion of the Equinox™ Blackout Series

The Equinox™ 0100 Series is an opaque, lustrous, woven-fiberglass shade cloth with a subtle acrylic coating. It hangs flat, does not curl, and is available 98 in. (249cm) wide.

MechoShade Systems is updating and expanding the range. Six colors have been discontinued, and five added.

The current dozen colors:

- | | | |
|-------------------------|-----------------------|---------------------|
| • 0102 Alabaster | • 0103 Flax | • 0104 Sandstone |
| • 0105 Silver | • 0106 Dusk | • 0108 Onyx |
| • 0109 Wheat | • 0114 Marble (new) | • 0115 Linen (new) |
| • 0116 Chardonnay (new) | • 0117 Graphite (new) | • 0118 Winter (new) |

Six colors in the Equinox™ Shade cloth 0100 Series have been discontinued:

- | | | |
|--------------|-----------------|------------------|
| • 0101 White | • 0107 Stone | • 0110 Neutral |
| • 0111 Sage | • 0112 Burgundy | • 0113 Dark Teal |

Now there are 12 colors to choose from. The 0101 White has been replaced with a brighter white shade cloth called 0118 Winter.
