

## We're on Facebook®

A MechoSystems Facebook® page? You bet.

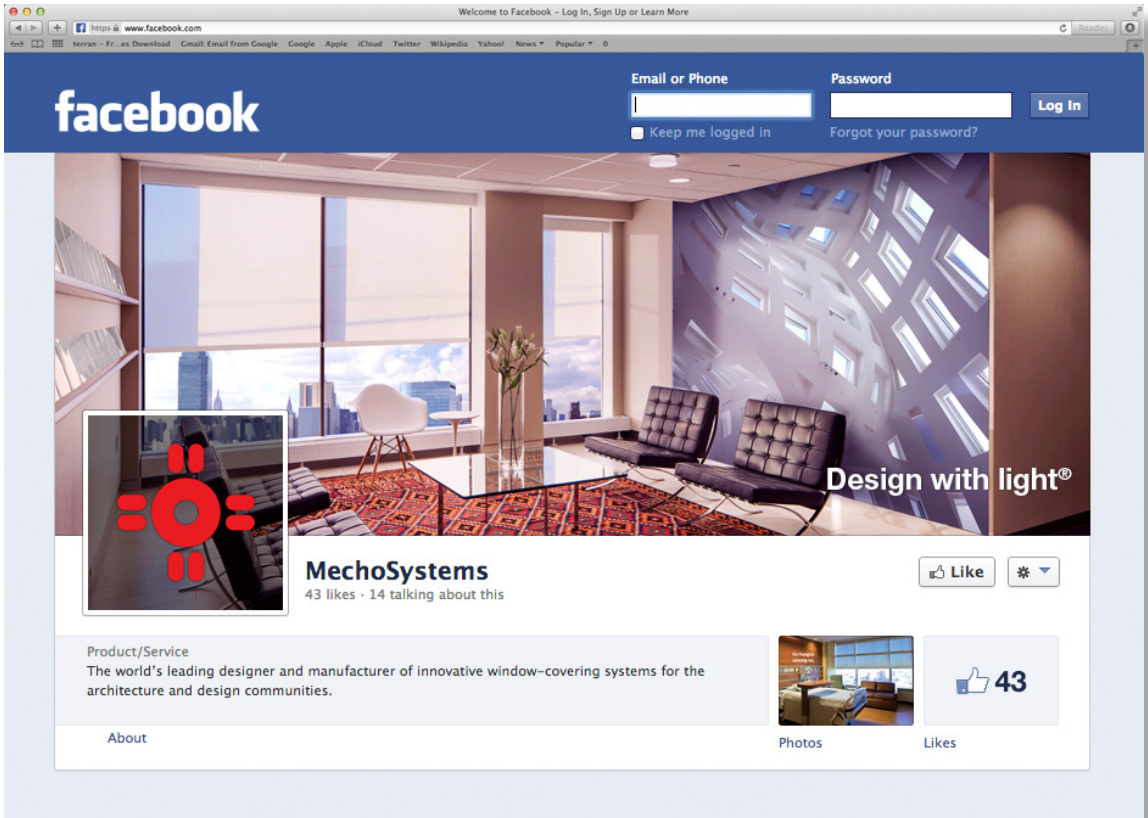

We're not much for bells and whistles. But sites like Facebook offer a crucial service: sharing made easy. So we've climbed on board.

The MechoSystems Facebook page helps us share more information, of greater relevance, in a timely fashion. That includes photos and

other resources. And it provides you with an opportunity to speak up—and be heard.

You've been able to get updates and share yours on [Twitter®](#) and [Instagram®](#). Now, you can get the latest from MechoSystems on Facebook, too.

Visit MechoSystems on [Facebook](#). If you 'Like' the initiative, let us know.
